Chapman University  
Schmid College Of Science  
School of Computational Sciences / Faculty of Computer Science  
One University Drive, Orange, California 92866

Phone: 714-744-7657  
E-mail: radenski@chapman.edu  
Http://www.chapman.edu/~radenski

## **Work Experience**

Professor of Computer Science, Chapman University, Orange, California (2001-present)  
Professor of Computer Science, Winston-Salem State University, Winston-Salem, North Carolina (1993-2001)  
Associate Professor, Southwest State University, Minnesota (1991-93)  
Visiting Assistant Professor, Clark University, Massachusetts (1990-91)  
Associate/Full Professor, Sofia University, Bulgaria (1982-92; on leave 1990-92)  
Research Scientist, Bulgarian Academy of Sciences (1976-82)

## **Education**

Postdoctoral: Sofia University and Central Scientific Commission, Sofia, Bulgaria, Computer Science, Dr.Sc., 1988  
Graduate: Sofia University and Central Scientific Commission, Sofia, Bulgaria, Computer Science, Ph.D., 1976  
Undergraduate: Sofia University, Bulgaria, Computational Mathematics with concentration on Mathematical Software, B.S., 1972

## **Fields of Concentration**

Current: High-performance computing, programming languages, object-oriented computing, e-learning  
Previous: Functional and logic programming, data bases, information systems

## **Awards / Recognitions**

Fulbright Scholar award, J. William Fulbright Foreign Scholarship Board, US Department of State (2008)  
R. J. Reynolds distinguished professorship, Winston-Salem State University, Winston-Salem, North Carolina (1993-2001)

## **Funded Projects as Primary Investigator**

National Science Foundation, Division of Computer-Communications Research, Software Engineering and Languages Program, 2003-06, \$106,341, Grant 0243284: Class Overriding for Anomaly-Free Component Adaptation  
National Aeronautics and Space Administration, Glenn Research Center, 2000-2001, \$51,839, Grant NAG3-2515: Generic Divide and Conquer Internet-Based Computing  
National Aeronautics and Space Administration, Glenn Research Center, \$143,988, 1997-2000, Grant NAG3-2011: Parallel Object-Oriented Programming in Network Environment  
National Science Foundation, CISE Programming Languages and Compilers Program, 1995-98, with no-cost extension to August 1999, \$100,473, Grant CCR-9509223: Parallel Object-Oriented Programming with Multiple Inheritance  
Piedmont Triad Engineering Research Center, Winston-Salem, North Carolina, 1995, \$11,791: Distributed Object-Oriented Programming

# Atanas Radenski

---

## **Funded Projects as Research Mentor**

North Carolina Space Consortium, Undergraduate Research Scholarship Program, 1996, 1997, 1999, and 2001. National Science Foundation, Summer Student Research Supplement, 2005

## **Current Professional Memberships**

Association for Computing Machinery (ACM)  
Computer Society of the Institute of Electrical and Electronic Engineers (IEEE)  
ACM's Special Group on Computer Science Education (ACM SIGCSE)  
ACM's Special Group on Programming Languages (ACM SIGPLAN)

## **Teaching Activities**

Undergraduate Courses: High-Performance Computing, Programming Languages, Software Components, , Compilers, Artificial Intelligence, Parallel Computing, Computer Organization, Computer Architecture, Computer Science I and II, Data Structures and Algorithms, Assembly Language, C in UNIX Environment, Programming in Ada, Automata and Formal Languages

Graduate Courses: High-Performance Computing (in preparation), Topics in Programming Languages and Systems, Languages for Artificial Intelligence Programming, Seminar in Programming Languages, Mathematical Foundations of Computer Science, Database Management Systems, Special Topics in Computer Science

Theses Advised (partial list): Integration of Equational and Logic Programming, Parallel Programming in Backus' FP-systems, Computer Graphics in a Pure Functional Language, Implementing Subsets of Ada on Small Computers

## **Service**

Member of the Faculty Personnel Council, Chair of the Science Faculty Review Committee, Chair of the Library and Information Systems Committee, member of search committees at Chapman University

Reviewer of dissertations on Integration of Logic Programming Systems and Database Management Systems, Object Oriented Development of Distributed Databases, Software Quality Analysis and Evaluation, and others. Reviewer of research grant proposals

Program Committee Chair / Program Committee Member / Guest Editor / Session Chair at various conferences

Member of the Editorial Board of the International Journal of Teaching and Case Studies, Inderscience Publishers UK

## **Software Skills**

Programming languages: Python, Java, C, C++, Oberon, C#, PHP, Ada, Pascal, Fortran, Lisp, Prolog, Cobol, SQL, several assemblers

Operating Systems: Unix/Linux, Windows, VMS, and others

Platforms/Servers/Packages/APIs: Message Passing Interface (MPI), Open Multi-Processing (OpenMP), Hadoop MapReduce, Amazon Web services (AWS), Parallel Virtual Machine (PVM), Moodle course management system, Apache, Jakarta-Tomcat, servlets

## **Languages**

English (fluent), Bulgarian (fluent), Russian (fluent), French (basic skills)

## **Hobbies**

Photography
