 - Hello! The CCC is hoping to bring students from diversity orgs and clubs across campus together to create a space for collaboration and raise awareness for each other on campus and all the events and projects each org/club is working on. This coalition is what you decide to make it! We are aiming to meet during the first half of October and then future meeting times and frequencies can be decided as a group after that. We would love if you could provide at least two board members who would be interested and excited to act as a liaison for your club/org and if at least one could be in attendance at any meetings held so we are able to have representation for your club/org at all meetings. We are so excited to work with you all!!
