

Theft protection

- When leaving your dorm room, home, or office, lock doors and windows even if you will be gone for "just a minute."
- Never leave your purse, wallet, or valuables exposed; store them out of sight. Be especially careful with your credit cards, which are very popular items among thieves because they are usually easy to steal and then use again. Consider obtaining a credit card with your photo imprinted on it.
- Computers, especially if they are portable, are primary targets of theft. Consider the purchase of a locking security or tracking device.
- Check your campus Public Safety website to see if they offer device registration for your computers, cell phones, tablets, TV, gaming device, etc. to assist law enforcement officials in identifying the owner of found items.
- Keep a list of all items and serial numbers in a safe place.
- Never prop open a locked door.
