

IMPORTANT INTERNATIONAL TRAVEL INFORMATION for STUDENTS and PARENTS

August, 2023

Chapman University is pleased to announce a new initiative to improve our student travel opportunities. We have made arrangements through Arthur J. Gallagher & Co. and InsureMyTrip.com for you to purchase trip cancellation and interruption insurance plans underwritten by Nationwide® to help protect your financial investment in your academic travel plans.

This relationship provides coverage for students who engage in travel as part of their studies, whether for credit or not.

The Trip Cancellation and Interruption plan is designed to offer you financial protection in the event you must unexpectedly cancel or interrupt your educational trip for a covered reason. You are not required to buy this coverage and if you choose to buy coverage, you may use this insurer or any insurer of your choice.

Here is a brief description of the coverage that this plan provides to help reimburse you for non-refundable trip costs and tuition (please contact InsureMyTrip for Education at 877-266-0741 for more detailed information):

Academic Explorer Trip Cancellation & Interruption

Provides trip cancellation and interruption benefits in the event of loss from unforeseen sickness, injury or death (of the traveler or a non-traveling family member), hijackings, labor strikes, weather, natural disasters, terrorism, the issuance of a U.S. State Department or Center for Disease Control (CDC) Warning at the region of destination, student pregnancy, or you or your parents lose employment. Additional benefits provided include lost baggage, baggage delay, and trip delay.

Cancellation and Interruption For Any Reason are also available options through this program. These benefits offer coverage for cancellation and interruption for reasons outside of those listed above, must be purchased within 15 days of the initial trip payment, and all eligibility requirements must be met. Reimbursement under these benefits is up to 75% of the pre-paid non-refundable trip cost and tuition (Interruption for any reason covers up to 75% of non-refundable tuition up to \$5,000).

Premiums for these plans are based on total program costs and are competitively priced. These plans also provide access to 24-hour emergency assistance.

We recommend that each of our students who enrich his or her program of studies through a travel experience consider enrolling in the insurance program. You may access this program and secure a quote online at <http://www.insuremytrip.com/education/chapman>. If you have questions, you may contact InsureMyTrip Education Desk at 877-266-0741.

You can also purchase insurance for personal travel in connection with or separate from your studies through an agreement with InsureMyTrip. Please visit this link to find plans:
