Forms and Authorization

Vehicle Request Form

All departments/persons who wish to use a campus vehicle must submit a Vehicle Request Form to the Parking & Transportation Supervisor for vehicle scheduling and confirmation of the reservation. Forms can be emailed to parking@chapman.edu or intercampus mailed to the Parking & Transportation Office.

It takes a minimum of 72 hours to process driver authorization requests for new drivers; each new driver must be cleared and authorized to drive University vehicles. If you are not sure whether a driver has been cleared or not, contact the Parking & Transportation Supervisor by email at parking@chapman.edu.

In order to clear a new driver the individual seeking clearance must apply online through the Authorized Driver Approval application; <https://webfarm.chapman.edu/AuthorizedDriverForm/Default.aspx>. For Out-of-State License holders, the online application must be completed as well as an Out-of-State Driver's License Pull Notice addition form (which will be emailed to the applicant after the online application is received). The additional form is a two-sided document (three-sided for Washington drivers) that cannot be processed unless it is completed in full including the budget number (4 digit department number – 5 digit program code). Out-of-State license holders will not be authorized if they are employed in any capacity by the university (except student workers). Fees to process authorizations for individuals with Out-of-state Licenses are charged back to the department requesting clearance. The fees vary by state. Please contact the Parking & Transportation Supervisor with questions. Once the application form(s) are completed, Risk Management will enroll the applicant in the required online trainings for the vehicles selected on the application. The applicant will receive an email with the invite link to LearnUpon to complete the required courses. Once the courses are complete, the Parking & Transportation Supervisor will notify the applicant as well as the listed supervisor regarding status.

The Vehicle Request Form is divided into three sections:

1. The top part of the form requests the date, department name, and phone ext. and contact person.
2. The middle part of the form includes all the detailed information to process the vehicle request. The information needed is described as follows:

 - b. Time(s) Needed - Include the time(s) that the vehicle will be required.
 - c. Number of Vehicles Needed - List the total number of vehicles requested.

 - g. Approver Name - Print full name and title of approver. Subject to verification. Approver cannot also be the requestor. An approver may not request a vehicle on behalf of themselves.
 - h. Approver Signature and Date Signed- No vehicle will be checked-out without the form being signed by the appropriate supervisor. By signing this form, the approver assumes responsibility for any damages or charges that are incurred by the group using the vehicle.
 - i. Purpose – Vehicles shall be used for official university business only. Purpose must be listed and is subject to approval/verification by Parking & Transportation Services.
3. The bottom portion of the form is used by Transportation Services to record whether approved or denied and to add notes. If for some

reason the vehicle will not be needed, a 24-hour notice of cancellation is requested to allow for maximum usage of all vehicles.
