

| Course Subject | Acceptable Courses | Course Description | Semester vs. Quarter |
|------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------|
| General OR College, Labs required | | | |
| Within 5 years of APPLICATION | Anatomy | SEPARATE Human Anatomy course OR COMBINED Anatomy & Physiology course | Human Anatomy with lab. Mammalian anatomy is NOT accepted. |
| | Physiology | SEPARATE Human Physiology course OR COMBINED Anatomy & Physiology course | Human Physiology with lab. Exercise physiology is NOT accepted. |
| Completed within 10 years of APPLICATION | Chemistry I | Inorganic OR Organic | One-year sequence General Chemistry with labs. Introductory course is NOT acceptable. |
| | Chemistry II | | |
| | Physics I | General (Calculus or Algebra based) | One-year sequence General Physics with labs Introductory course is NOT acceptable. |
| | Physics II | | |
| | Biology I | Advanced, Cell, General, General I, General II, Genetics, Histology, Immunology, Microbiology, Molecular, Zoology | Any 2 biology courses with lab. Sequential courses not required. Botany & Ecology are NOT acceptable. |
| | Biology II | | |
| Intro course allowed, Labs not required | | | |
| Social/ Behavioral Science | Psychology: Abnormal, Adolescent, Advanced, Child, Death & Dying Developmental, General, General I, General II, Growth & Development, Human Behavior, Life Span Development, Psychopathology, Social Sports Social/ Behavioral Science: Anthropology, Community Health, Cultural, Geography, Human Sexuality, Marriage/Family, Personal Health, Social Science, Sociology, Women's Studies | One Social / Behavioral Science course. | A course is 1 semester OR 1 quarter |
| Statistics | Biology: Biostatistics Business: Statistics Mathematics: Statistics Psychology: Statistics | One statistics course Kinesiology Statistics is NOT acceptable. | |

- ALL science prerequisite courses must be designed for **science** majors and include a lab.
- Anatomy & Physiology must be completed within **5 years** of application submission.
- All other prerequisite courses must be completed within **10 years** of application submission.
- Prerequisite courses may be **repeated only once**. The AVERAGE of both courses to be used for GPA calculation.
- No prerequisite grade below "C" is considered.
- Pass/Credit grades for prerequisite courses will be accepted and if letter grading options are available please submit them.
- Courses which received advanced placement credit (AP or CLEP) may fulfill prerequisite requirements.
 - The credit hours and grade points will not be computed in the GPA calculation.
- No more than two science prerequisite courses and one human behavior or statistics prerequisite course (a total of three prerequisite courses) may be remaining after application is submitted.
- ALL in progress prerequisite course work must be completed before the program starts.
