tickets, funding for food which is ambiguous. We've made the recommendation to fund this impartial minus the food, but would give \$100 towards the food. Recommend funding impartial amount of \$1250.

1. Sarah Band: The difference between between 1850 and 1250 is 700 for food, correct?
 - a. Hannah Welsh: Yes, that's correct.
 2. Mo Hijazi: did they state how much they've raised in the past?
 - a. Hannah Welsh: Not on this application, they do fundraisers throughout the year.
 3. Kyle Tanimura: For the \$500 speaker and screen fee, can that not be provided by Tech Support?
 - a. Hannah Welsh: Good point, didn't specify in the app, there may be services for it, UPB had something like this but not sure what the difference is with the blow up screen.
 4. Sarah Band: The food can be requested from Sodexo. Can we ask them to bring it back to us after reaching out to IS&T about the tech, and asking Sodexo about food prices?
 - a. Hannah Welsh: We can choose to table it entirely, or fund partial and wait on other portions later on. All viable options.

- iii. Philip Goodrich: This is a request approved last Spring, was delayed on the back end. Prices have increased, coming back to see if we can approve the increase. Senate needs to approve request, trying to do it quickly. The increase is \$2,145.
- iv. Kayla Wiechert: SGA voted to approve the Mariachi uniforms to provide a more traditional Mariachi performance and it was funded in full. My advice that you reconsider, you don't have to approve if you're uncomfortable, but SGA should reconsider the request without requiring the organization to resubmit their request since it was previously approved.
1. Kyle Tanimura: Which organization is requesting the funding and what events will they use them for, how frequent is it?
 - a. Philip Goodrich: Chapman Society for Music Education submitted the request.
 - b. Kayla Wiechert: The Chapman Mariachi Club on campus would perform in the community, not sure how often.
 2. Mo Hijazi: I think we should fund this, it was approved last spring and committed to them that they would have new uniforms.
 3. Kyle Tanimura: Would this be coming from the Student Organization Line?
 - a. Philip Goodrich: Because they submitted as an academic organization but are now a student organization, I think you all can motion what line it comes out of, there isn't necessarily a right choice. I would stick with the original request's line.
 - i. Mo Hijazi: Academic line has barely been used.
- v. Motion to Approve the request of \$2,145: Sarah Band
1. Second: Victoria Mas
 - a. Unanimous
