request is more for promotional materials, media badges, banners and more gameday materials.

- iii. Mo Hijazi: have you reached out to Chapman Radio to discuss potential partnerships?
- iv. Ben Sherman: already been working with them to simultaneously cast all football games but are looking to further expand presence and events.
- v. Rachel Burns: The budget mentions meals on game days, up to \$300 per game day, if the event is on campus and over \$250 it has to be from sodexo.
- vi. Elyse Crimmins: If approved, any materials purchased must have the Chapman SGA logo since it comes from SGA funding.

item. The budget is shared with ½ IS&T , ½ SGA, and ½ with Fitness Rec and Wellness services. This was reduced from last year based off of contract terms and the amount is ~\$3,000. The color coded lines on the doc are as follows: green increases, yellow reductions. Will be pulling some funding from conference and co-sponsorships ~\$5,000. Would end up matching last year's fund.

- ii. Mo Hijazi: Are there numbers on how many students are using YOU at Chapman?
- iii. Alexis Reekie: I have them, but not with me at the moment and can send them out at a later time.
 - Motion to approve the budget reallocation proposal: Daniella Benabou
 - a. Second: Nicole Drew
 - i. Opposition: Mo Hijazi
- a. Crean Fall Kickoff Senate Line Funding Request
 - iv. Rachel Berns: Last fall and spring, a Crean specific initiative with SGA funding was hosted, a career and resource event. Proposing another career meet and greet event. Casual informational and social event to meet their senator and career services team. Increases engagements with new students and returners with under utilized resources. WIllbe held Wednesday, September 14th from 11 am 2 pm. People do not need to be a part of Crean hall to attend. They had ~100 students come to each event and got a lot of positive feedback from staff and students. Plans to promote include flyers on campus, announced at orientation, and signage will be around Crean hall. The funding request itself from SGA is asking for 8 32oz Contra jugs, \$12 per jug. Should serve ~50 people. Total amount is \$96 for the jugs making a \$100 funding request.

SENATE MEETING AGENDA

- v. Whitney Gassmann Mennes: Wanted to clarify that in the SGA line there is currently \$10,000 in the Senate line.

 - a. Second: Misty Vu

VI. Open Forum

- a. Mo Hijazi: The current amount allocations can be approved is \$1000, amounts are becoming much greater and I think the amount should be moved to \$2000, if we did want to increase this amount what are the steps to do this?
 - i. Whitney Gassmann Mennes: I believe that is in either SGA or allocation committee bylaws that would need to be approved with a whole senate vote and proposal.
- b. Mo Hijazi: When we want to change something in the Bylaws there has to be a 2/3rds vote campus wide?
 - i. Mac Francini: a campus wide vote needs to happen to change the constitution but we can still amend it.
 - ii. Alexis Reekie: It's 20% of campus population, not 2/3rds.
 - iii. Whitney Gassmann Mennes: It's a 2/3rds vote by the senate to make bylaws changes.
- c. Daniella Benabou: at the sodexo lunch they mentioned they'd be doing a survey and asked if any senators wanted to be involved and be a student representative in a week or two.
 - i. Rachel Berns: they were also looking for students to join the culinary council, if anyone is interested or knows anyone, reach out.

SENATE MEETING AGENDA

Friday, September 2nd, 2022

- d. Rachel Berns: Talking with the Provost office about class sizes and being unfairly large. Hitting a wall and if any college senators had information about their largest class size/ average class size is to send it over.
 - Sydney Peifer-Picard: I can probably help, our class sizes are extremely small
 and on an educational level, I'm having a meeting with Dean Miller on the
 7th and that can be brought up, research with most effective schooling
 strategies has to do with that.
 - ii. Tiffany Le: I can help as well and use some Fowler resources.
 - iii. Mo Hijazi: What is the end goal here? To expand classes?
 - iv. Rachel Berns: Currently the goal is to hire at least one, if not more, full time instructors. Crean is sitting at a 70:1 faculty student ratio, while campus is 23:1.
 - v. Mo Hijazi: I think it would be interesting to compare the lower and upper division classes especially with such a large freshman class. For example, Gen Chem is at ~90 students while the upper classes sit at around 20 max.
 - vi. Daniella Benabou: Argyros has just added a bunch of new faculty and I can ask how/ what the reason for the increase was. They hired around 10 more staff.
 - vii. Adi Takei: I understand being in Dodge and most classes are around 20 outside of screenings which is 65.
- e. Lauren Bramlett: Copa dance is having an issue since the new dance building was supposed to be ready and it's not so for classes, some are in Sandu now. Many students only have 10 minutes between classes and getting from one class to another especially in the distance of the dance classes to sandhu is very far and you can only park on floors 5-6 in Jim Miller. Working on getting parking passes for dance students and faculty for the conference lot. Does anyone have any contacts or suggestions on who could help with that

SENATE MEETING AGENDA

Friday, September 2nd, 2022

- i. Mac Francini: Parking was brought up with the meeting with Dean Price today as there were so many concerns campus wide. Hopefully it will help since it's already on the Dean and administrative support mind and feel free to reference our conversation.
- f. Daniella Benabou: I have already emailed public safety but, my freshman year there used to be an officer at the crosswalk by the field and the dorms right off of grand street, and it helped with the flow of traffic and students safety. I've asked if a P Safe officer would be able to do this during busy foot traffic hours.

VII. Announcements
