How to Uninstall Pharos Mobile Print from a Mac Computer

1) Navigate to the Pharos Uninstaller by going to “Library\Application Support\Pharos\Utilities”.

2) Double Click the Uninstaller Application to start the uninstaller.

3) On the “Component Selection” screen check the box next to “Pharos Popup” then press the “Continue” button.

4) On the “Component Summary” screen press the “Continue” button.

5) When prompted for a username and password, enter your laptop’s administrator username and password, and press “Ok”.

6) On the “Progress” Screen, press “Done” to close Pharos Uninstaller.

7) Restart your computer.

You have successfully uninstall the Pharos Mobile Print for your Mac computer.
