

## Move Out Edition

The Office of Sustainability is here to help you prep for move out and maximize the number of items diverted from the dumpster and donated instead!

### Move Out Prep

**The end of the school year is just around the corner. Here are a few tips on how to best prepare for move-out week and what resources will be available.**

#### **1. Start packing sooner rather than later.**

Students are required to move out within 24 hours of their last final or by Saturday, May 20th at noon-- whichever comes sooner--so getting a head start on packing can eliminate a lot of unnecessary stress during finals week. If you make a trip home prior to your move out date, it is a good idea to take a few items or pieces of furniture that you won't need for the rest of the year to lighten the load on move out day.

## **2. Make sure you are up to date and informed about your residence's move out procedures.**

Attend a community meeting to hear important move out information, confirm your finals schedule, and sign up for a checkout date before Monday, May 8th, to avoid a \$75 improper check-out fine. If you need to stay later than May 20th at 12pm then you must email your building manager by Friday, May 5th to be granted permission. Contact your Resident Advisor or a Residence Life representative if you have any questions about move out procedures.

## **3. Make a move out plan.**

Decide how you will be moving your belongings—will you be transporting them by car, shipping them, or storing them over the summer? Communicate move out plans with roommates and family to ensure

everything goes smoothly and get any help you might need.

#### **4. Set Goals.**

The task of packing up your dorm becomes much more manageable when scaled down and sorted into achievable goals. For example, in the days leading up to your check out date, set a goal to pack up your kitchen ware, and the next day focus on packing up and sorting through your clothes. Separating these tasks over a stretch of time can make the process seem much less daunting.

# Ditch the Dumpster and Donate Instead!

## Help the Office of Sustainability and Chapman divert excess waste from the landfill!

Have items that you want to get rid of but are still in good condition? Donate them at one of our donation stations! If you have items or clothing that you don't plan on taking home with you, consider donating them. Donation stations will be available at Main Campus, Chapman Grand, and Panther Village. Assess how often you used certain items and appliances to reduce waste and avoid bringing more than you need when move-in comes.

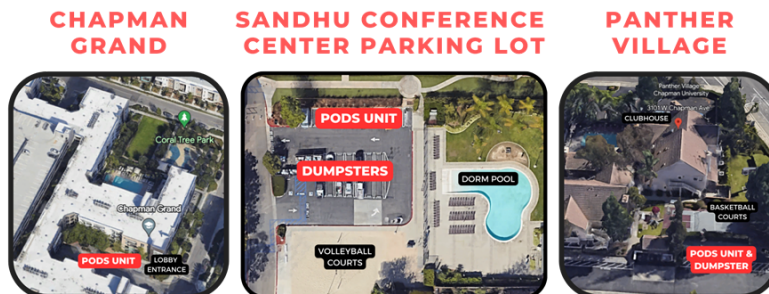

### Donation Station Locations:

- **Main Campus – Sandhu Conference Center Lot** (near the volleyball courts and pool)
- **Panther Village** (behind the basketball courts)
- **Chapman Grand** (in the visitor parking spots)

### Donation Station Hours:

**Wednesday, May 17th - Saturday, May 20th from 8 AM - 8 PM**

At each station, we will be collecting items for Habitat for Humanity, Goodwill, and several other organizations. There will be Move Out Eco-Reps at each donation station that can provide guidance on what can be donated and where donations should be placed.

### Acceptable Donation Items :

- Furniture (free of rips, stains, other damage)

- Small appliances (in working condition)
- Clothing & shoes
- Electronics (working or non-working)

### **Electronic Waste:**

An e-waste recycling bin will be available at each donation station for items such as batteries and broken appliances for proper disposal.

### **Unacceptable Donation Items :**

- Mattress pads
- Bedding
- Large appliances
- Hazardous waste
- Outdoor items
- Unframed glass
- Area rugs

### **Donations for Animal Shelters:**

While we will not be able to accept blankets, sheets, and towels at our donation stations, there are a few local animal shelters we encourage you to drop these items off at on your way out of town!

# BRING YOUR DONATIONS TO LOCAL

## ANIMAL SHELTERS

### OC HUMAN SOCIETY

#### ACCEPTING:

TOWELS  
BLANKETS  
SHEETS  
OTHER BEDDING  
NO PILLOWS

MOVE FOR HUNGER

SODEXO stop hunger FOUNDATION

## Food Pantry Donations

During move-out week, Sodexo will be collecting food donations at Randall Dining Hall for food pantries. Any

food that is non-perishable and other pantry goods are eligible for donation. Drop your food donations off at Randall Dining Hall by Saturday, May 20th.

### **Regalia Reuse Donations**

After commencement, any graduation regalia including gowns, caps, stoles, and tassels are encouraged to be donated to our Regalia Reuse program. Donation bins will be located in the Rotunda Café of Leatherby Libraries starting Friday, May 19th through the end of June. After June, any donations can be dropped off at the Facilities Management building (625 W Palm Ave) from Mon – Fri between 7am and 4pm. Donate your regalia to help divert these items from landfills and support future Chapman graduates!

### **Here Are the Places Most at Risk From Record-Shattering Heat**

As the Earth continues to warm, we can expect an increased risk of extreme heat waves across different parts of the world, causing significant health risks to people, animals and agriculture. Experts predict that record-breaking heat waves may occur, especially in regions that may lack the resources to keep people safe. While efforts to mitigate climate change are crucial, adaptation measures, such as providing shade and cooling stations in urban areas, are also essential to cope with the rising temperatures.

### **Governors Island to Become Site of \$700 Million Climate Campus**

The 172-acre patch of land off Lower Manhattan will soon be a “living laboratory” for climate solutions. Led by Stony Brook University, this island will be transformed into a campus focused on researching climate solutions and training for green jobs with expectations to open in 2028. This incoming climate hub will feature resilient design, two newly constructed classrooms and research buildings whilst maintaining the existing public amenities.

## Biden to Create White House Office of Environmental Justice

A recent announcement stated the creation of a White House Office of Environmental Justice, one of several actions aimed towards addressing environmental inequities that people of color experience. With consideration of public health and the planet, the president signed an executive order requiring every federal agency to develop plans to address the disproportionate impacts of pollution and climate change on minority and tribal communities.
