Students, parents, and stepparents may use this form to request a review of student aid eligibility because of extenuating circumstances not addressed on the students 2015-2016 Free Application for Federal Student Aid (FAFSA). Changes resulting from this review do not guarantee an increase in gift aid. Please allow 10-15 business days for processing after all the required documentation has been received. Your request will not be considered without supporting documentation and required signatures.

Per federal regulation, FAFSAs selected for verification must be verified before special circumstances can be considered. For those not selected, complete 2014 tax information must be updated on the FAFSA before any review can take place.

Expenses such as car payments, consumer/credit card debt, high mortgage payments, matching other college/university offers, weddings, vacations, inability to liquidate assets, and/or other discretionary costs may not be considered. Adjustments to the Financial Aid Award will not be made to reflect these conditions.

Below you will find a list of extenuating circumstances often submitted for review and the required documentation. Complete the item in the list of circumstances below that best fits your circumstance and submit the additional required documentation listed.
