They Called Us Enemy Book Conversation

Monday, October 17, 2022,
6:00 p.m.

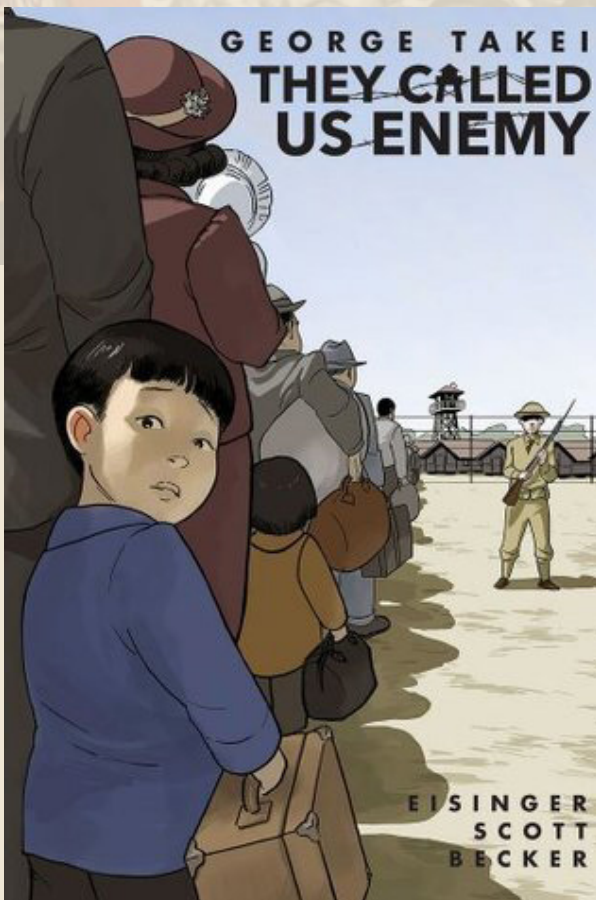

Join us for a discussion of the graphic memoir *They Called Us Enemy* by author, actor, and activist George Takei. Long before *Star Trek*, Takei woke up as a four-year-old to find his own birth country at war with his father's – and their entire family forced from their home into an uncertain future. This book is Takei's firsthand account of those years behind barbed wire inside one of ten "relocation centers" where they were held for years under armed guard.
